Limited Working Teams / **Deadline Oct 5<sup>th</sup> 2013**

Check out the CARO website: <http://www.canadianrallyo.ca>

Wicked Canine Dog Sport Company wants to create a positive experience in a low stress environment for your dog. This event will be held in a riding arena, this gives us the opportunity to provide space and a large ring size for trials and workshops. If you have a dog that requires space from others, needs a low stress environment without traditional facility and ringside commotion, then this will work for you.

Ayoka will be joining us from Brandon Manitoba, it is our hope that we can start a CARO Rally club here in Central Alberta by hosting one or two trails a year and a workshop or two to sharpen our skills.

**Ayoka Bubar is a Certified Professional Dog Trainer - Knowledge Assessed and an approved CARO Judge for all levels.**

Ayoka owns and operates Prairie Dog Daycare in Brandon, Manitoba where she has been a dog training instructor at Two Brown Dogs Canine Consultants since 2008. **She enjoys teaching a wide variety of classes including classes for reactive dogs, foundation sport classes and, rally obedience classes. Ayoka believes that dog training should be fun and low stress for dogs and their humans.** She employs a number of positive reinforcement techniques to help handlers communicate more effectively with their dogs.

Ayoka and her Rottweiler, Bear, have never passed up an opportunity to try a new sport. They have participated in Flyball, Agility, Tracking, Trick Titling, Herding and Rally Obedience. This broad range of behaviour, training, teaching and competition experience provides Ayoka with a unique perspective and a wealth of knowledge to draw upon to help dog and handler teams reach their training goals.

You can contact Ayoka, learn more about her experience and qualifications and read all about her adventures with Bear at: <http://rottendogblog.wordpress.com/>
